

DLE-60 TWIN GASOLINE ENGINE

SMOOTH OPERATOR.

Give your sport aircraft the low-vibration smoothness and unique sound of a horizontally opposed twin! The DLE-60 Twin gasoline engine also offers strong horsepower and an excellent power-to-weight ratio, keeping weight low while producing all the muscle your bird requires.

- Electronic ignition handles voltages from 4.8V to 12V, with redesigned circuitry and software for improved idle and throttle transition.
- Includes two high-quality Pitts style mufflers, beveled to reduce installation work by avoiding need to cut into cowl, thus also preserving scale lines and aerodynamics.
- Advanced CNC machining, tight tolerances and refined porting improve compression and fuel burning efficiency to raise performance and reduce exhaust residue.
- Also features a special aluminum alloy crankcase, high-quality sealed crankshaft bearings and DLE-customized carburetor.

DLEG0060

Displacement: 61 cc (3.72 cu in)

Bore: 1.42 in (36 mm)

Stroke: 1.18 in (30 mm)

Total Weight: 4.37 lb (1.98 kg)

RPM Range: 1,400-8,500

Output: 7.0 hp @ 8,500 rpm

Includes: electronic ignition, 2 mufflers, 2 spark plugs, mount & engine standoffs

Requires: Unleaded gasoline, oil, ignition battery & propeller
